The WhisperScent™ scent delivery system is ideal for creating ambient scent experiences in any environment. It uses a dry-air technology that releases fragrance without sprays, aerosols or messy oils. An ultra-quiet fan and induction heating element dispense scent from patented time-release scent cartridges. The WhisperScent offers multiple installation options and is easy to maintain.

Each WhisperScent is loaded with a scent cartridge that is embedded with a unique fragrance. Cartridges can be easily replaced, enabling you to change scents to coordinate with new themes or seasons. Plus, with an extensive list of high quality scents to choose from, you can find the perfect aroma for any environment.
