PROFUSION XS GOLD

As our premier on-premise digital delivery system, ProFusion® XS Gold provides extensive commercial-free music programming, engaging message marketing, and flexible scheduling. The ProFusion XS Gold Digital Media Manager provides total control over what your customers hear with the highest fidelity available for an exceptional listening experience.

PROGRAMMING

Music for Your Unique Business. Let our music experts help you design the most effective music program for your business. The ProFusion XS Gold will then put it into action effortlessly. ProFusion XS Gold takes sound to a new level of fidelity, allowing your business to deliver incredibly powerful, rich, stereo sound to customers and employees.

SCHEDULING

Easy Music Management. Target a specific customer type or change your business tempo by the hour, day, week or during different seasons. Include or omit selected styles or vary your programming in different zones. ProFusion XS Gold allows you to automatically switch your custom schedules at any time.

MESSAGE MARKETING

Efficient On-Hold Messaging. ProFusion XS Gold allows you to inform callers and capture their attention by promoting your products and services or by offering valuable business information. It's never been easier to keep your callers on the line, promote or highlight specific products and services, or entertain them while they wait. With ProFusion XS Gold, your phone system will turn into a powerful communication center. We can use your messages or our messaging experts can provide message content from concept through production, including copywriting and providing professional voice talent. Our Messaging On-Hold feature makes the ProFusion XS Gold system a compelling, cost-effective solution to integrate messaging and music into one package.

RELIABILITY

A Connection You Can Count On. Our dedicated Technology team takes every step to ensure ongoing smooth ProFusion XS Gold operation. We set up the ProFusion XS Gold with a secure Internet connection and monitor it regularly. With the Internet's ability to deliver data quickly and cost effectively, the ProFusion XS Gold dramatically cuts the time it takes to receive music and message updates.

FLEXIBILITY

Multiple Options for Hassle-Free Updates. Sometimes it makes sense to update your music programming and messaging via disc. ProFusion XS Gold includes a built-in DVD-ROM drive, giving you flexible updating options and enabling DMX to provide superior music programming in whatever way is most convenient for your business.

CONVENIENCE

A Simple-to-Operate System. The ProFusion XS Gold provides incredible ease-of-use with its built-in screen display. The screen displays your current music schedule while one-touch buttons allow you to adjust the volume, stand by (pause) or power down. ProFusion XS Gold puts the power to control your music and messaging at your fingertips.
